

This annual DFW Chapter event is very popular with DFW Chapter members, prospective members and sponsors alike. The 2009 tournament will be a morning tournament, preceded by breakfast and followed by an awards luncheon. The Cowboys Golf Club is the world's first NFL-themed golf course. As a tribute to the five-time world champion football team, Cowboys Golf Club integrates a historical tour of the accomplishments of this NFL franchise. The clubhouse features a hall of honor with a magnificent display of the coveted Super Bowl trophies and memorabilia of Cowboys legends both past and present. Historical markers along the golf course provide a unique insight into the illustrious plays and prominent players who created an era of mystique that fascinated sports fans worldwide. Award-winning golf course architect Jeff Brauer was successful in preserving the natural environment of the 159-acre site which is surrounded by forests of trees, not residential development. Players will be amazed by the dramatic elevation changes and magnificent views which are truly unique to the North Texas area.
